Please do not send cash. Thank you by supporting the library by establishing an endowment. An endowment can be started by anyone **for a minimum of \$100**. There is no time limit to fully-fund your endowment. All donations to this endowment are tracked by the LPLF treasurer. When the principal amount reaches \$1,000 one book will be bought for the library annually in perpetuity in the name of your endowment. Fill out and send in only the first page of this form with your donation. For more info about your endowment or endowments in general, **please email endowments@lplfoundation.org**.

Thank you for your generous support of the future of our Lafayette parish libraries!

If you wish to continue to contribute after the \$1,000 is reached, any additional donations will be tracked and credited to the endowment. When the next \$1,000 level is reached, another book will be purchased annually in perpetuity. Or you can start another, completely new named endowment. One book per \$1,000 principal will be purchased annually in perpetuity.

All donations made to the Named Endowment Program are part of the LPLF Named Endowment investment portfolio and are tracked monthly. If you choose to make incremental donations rather than a lump sum of \$1000, the contact person will be notified when the endowment is fully funded, and your purchased book will be plated.
